Mr. Andrew Driskell, the popular county superintendent of the public schools, and Miss Bertha Walls, teacher in the primary department of the Breckenridge County High School, were married in Louisville yesterday. The Christmas Dance

One of the most pleasant dances ever given in Cloverport took place at the opera house last night. The couples composed of the young society people of this city and several visitors.

GIRLS' CLUB

Give An Attractive Reception and Dance, At The Home Of Miss Katherine Moorman Christmas Night

The Girls' Club gave their annual Christmas event, in honor of the young society men, at the home of Miss Katherine Moorman Christmas night.

The house was decorated beautifully in mistletoe. In the dining room was a Christmas tree covered with brilliant ornaments and unique gifts for the honored guests.

As soon as they arrived, Santa Claus, whose part was splendidly played by Frank L. Moorman, took the packages from the tree and saw that nobody was slighted. Each present was neatly wrapped in white tissue paper and fastened with little red seals on which were painted "13" in white. The young men received gifts as follows:

Mr. Oscar Dickey, a train; Mr. Felix Jarboe, a bank; Mr. Paul Lewis, a vase; Mr. L. A. Behen, a pair of socks; Mr. Allen Pierce, a parasol; Mr. Dewey Denton, a horn; Mr. James Younger, a set of spoons; Mr. J. D. Babbage, Jr., a canon; Mr. A. Bullington, a drum; Dr. H. J. Boone, a little red wagon; Santa Claus, a pipe; Mr. Ira Behen, a spittoon.

BURLEY TOBACCO SOCIETY

Makes Good Sale of 1909 Tobacco. Million And A Half Pounds Sold To Detroit Concern At Straight Price of 11 3-4 Cents

Lexington, Ky., Dec. 23.—The Burley Tobacco Society, through its Executive Committee, closed a deal late Saturday afternoon by wire with the John J. Bagley Tobacco Company, of Detroit, for the sale of 1,500,000 pounds, or about 1,300 hogsheads of A's, B's, C's, low grade color tobacco of the 1909 pool at a straight price of 11 3-4 cents per pound.

Deal Pending For Week

The deal has been pending for about a week and was announced unofficially a few days ago. It is the second sale of Burley 1909 pool tobacco that has taken place in the past few weeks.

The tobacco sold does not represent the best holdings of the Burley Society under the 1909 pool and it is quite probable that before many weeks pass the entire remainder of this pool will be disposed of.

Burley Holdings Sought

It develops that, considering the poor quality of the new tobacco now coming into the market, the Burley Society's holdings of 1909 are much sought after. There have been many questions asked recently by big buyers and there may be more good news for the old poolers within the next few weeks.

COL. GORSUCH

Talks of Farm Life. He is Feeding Eighty-two Head of Hogs on His Farm Near Irvington. Jersey Cows His Hobby

Col. H. J. Gorsuch is feeding eighty two head of hogs for the February market. He weighs them every week and show a gain of one and three fourths to two pounds the day. He feeds 280 gallons of warm slop every day. He also feeds them corn but they prefer the slop.

He is also a great lover of Jersey cows. Says he bought one from his neighbor, John Mercer, recently. This cow is proving to be one of the best he ever owned. She produces five gallons of milk the day and ten pounds of butter the week. Following is his ration: one half gallon of ground wheat, one-half gallon shipstuf, one-half gallon corn, one quart cotton-seed meal and a teaspoon full of Salvert stock food; fed hot, twice a day. The colonel says it pays to give your stock good food, good treatment and good, tight barns to live in.

A GOOD RECORD

E. H. Breidenbach Elected Superintendent of Light And Water Plants, Owensboro, For Thirteenth Year.

Edward H. Breidenbach has been re-elected superintendent and manager of the Owensboro electric light and water plants for the next 12 months beginning January 1, 1912. This action was taken at a recent meeting of the electric light and water commission, composed of Messrs R. S. Hughes, E. B. Anderson and S. R. Ewing.

Mr. Breidenbach has held his position for the past 12 years, and his efficiency and competency to manage the two plants justify the commission in again re-electing him to his former position.—Owensboro Enquirer.

Mr. Breidenbach married Miss Sauer, a Cloverport girl, and that's why he is making such a good record.—Editor.

Breckenridge County People In The "Show-Me" State.

Mrs. Alfred Heston, who is visiting her mother, Mrs. Francis Sawyer, is delighted with her new home, Sikeston, Mo., and Mr. Heston likes his business very much. He has charge of the shoe department in one of the largest mercantile stores.

Shortly after they went to house-keeping, a residence next door burned, and their house caught fire but was saved and damaged little. The fire department of Sikeston is voluntary service. The city runs a fire engine and whenever an alarm is given the young men of the town drop their work and run for the engine and the large water hose. Rubber coats and caps are furnished them by the city, but they

charge nothing for their help. The citizens give over their automobiles to the boys and their chief, who is one of the best men of the town. Dr. E. J. Malone, the Mayor of Sikeston, is usually the first man on the scene of fire. Recently the town has been giving ten dollars to the boys who are first to get the engine to a fire.

o o o

Mrs. Heston feels quite at home at Sikeston for there is almost a Breckenridge Colony there. Mr. and Mrs. W. C. McElwayne live in Sikeston. She was Miss Lena Hensley, of Hardinsburg. Mr. McElwayne is doing splendidly in the horse training business, and they have a nice home.

o o o

Dr. V. D. Hunter, who was born and reared at McDaniels, is a successful osteopath of Sikeston, where he went three years ago. Dr. Hunter and Mrs. Hunter have three bright boys, Russell, Thomas and Robert.

o o o

Mr. and Mrs. Allan B. Skillman, of Hardinsburg, are also enjoying the prosperity of the "Show-Me" state. He makes a handsome salary in the furniture department of the Farmers' Supply Company.

Mrs. Heston says she, of course, loves Breckenridge, but they could not be better pleased than they are now, "Sikeston is money mad," said Mrs. Heston. "People make plenty of money and spend it. The rich stay rich off the poor, for the poor people spend their money trying to keep up with the rich." Sikeston affords every convenience and pleasure of the city and it is interesting to hear Mrs. Heston tell of the western progress.

More Blessed To Give
